

Red light Green light

TOOL 18

Practice makes perfect!

The aim is to try help a colleague think outside of the box and find a way to move forward / take action / step into the “green light” when they feel stuck.

HOW TO USE IT

This should be done one-on-one.

Participant 1 should tell your colleague about a problem where they feel stuck / cannot take action - essentially facing a “red light”.

Participant 2, ONLY asks open-ended questions to assist your colleague to find a way to move forward / take action / step onto the “green light”. Do not offer advice. Keep going until you find a “green light”.
